

Data Sheet - #1303

WHITE SEMI GLOSS PAPER COMPOSTABLE PERMANENT

General #1303 is white, one-sided, woodfree printing paper with a semi-gloss appearance. It has good initial tack and adherence on a variety of substrates.

Applications The products are suitable for a wide range of promotional and industrial label applications where attractive semi-gloss appearance in multi-colour work is required. The adhesive is ideal to be used for all kinds of applications but is specifically suited for those kinds of applications where the complete packaging should be biodegradable and where indirect or direct food contact with dry foodstuff is required (ie. fruits and vegetables labelling).

Application temperature Minimum 5°C

Service temperature -20°C to +80°C

Product life 2 years when stored at 20-25°C | 40-50% RH

Special considerations The adhesive is compliant with European food regulations 1935/2004/EC for direct food contact with dry, non-fatty foodstuff. The adhesive complies with DIN EN 13432 biodegradability and compostability regulation and is OK compost certified under the tracking number S0295. The face material and liner are made from FSC® Certified paper (FSC Mix Credit, chain of custody number: CU-COC-807907, Licence Code: C004451)
