## Data Sheet - #1305b

## DIRECT THERMAL PAPER COMPOSTABLE PERMANENT

**General** #1305 is a white, biodegradable, direct thermal paper with compostable capabilities.

**Applications** The products are suitable where the complete packaging should be biodegradable and where indirect or direct food contact with dry food stuff is required. Adhesive material has high initial tack, very high final adhesion and moderate UV resistance.

**Application temperature** Minimum -5°C

**Service temperature** -10°C to +50°C

**Product life** 1 year when stored at 22° ± 2°C | 50% RH

**Special considerations** Face and adhesive is compliant with EN13432 regulations for industrial composting.

All data given is considered reliable but does not constitute a warranty. It is the responsibility of the user to satisfy themselves as to the suitability of the product for the particular application and conditions. A sample for this purpose will be supplied on request.
