

Data Sheet - #1306

MATT WHITE PAPER COMPOSTABLE PERMANENT

General #1306 is a white, surface-sized and supercalendered woodfree printing paper with biodegradable and compostable adhesive.

Applications The white economical multipurpose paper provides good print resolution of picket fence barcodes and numeric data with thermal transfer print speed up to 150mm/sec. Main applications are print & apply, warehouse inventory labelling and other in-house product identification labels. The adhesive is ideal to be used for all kinds of applications but is specifically suited for those kinds of applications where the complete packaging should be biodegradable and where indirect or direct food contact with dry foodstuff is required (ie. fruits and vegetables labelling).

Application temperature Minimum 5°C

Service temperature -20°C to +80°C

Product life 2 years when stored at 20-25°C | 40-50% RH

Special considerations The adhesive is compliant with European food regulations 1935/2004/EC for direct food contact with dry, non-fatty foodstuff. The adhesive complies with DIN EN 13432 biodegradability and compostability regulation and is OK compost certified under the tracking number S0259.

The face material and liner are made from FSC® Certified paper (FSC Mix Credit, chain of custody number: CU-COC-807907, Licence Code: C004451)
