

## for shackles, chains & slings

ID labelling is a part of branding and enables product identification. It is a printed information that is bonded to the product for recognition and provides detailed information about the product. We have a range of PVC tag types to suit your applications.

### Cable-Tie Tag

**Material** 450µm re-enforced PVC

**Description** To be tied on with cable tie/zip-tie

### Zip-Tie Tag

**Material** 200µm Tufftag

**Description** To be tied on with zip-ties

### Loop Lock Tag

**Material** 200µm Tufftag

**Description** Loops around and interlocks itself

### Self-Laminating Wrap

**Material** 80µm Clear Self-Adhesive PVC

**Description** Wraps around and self-laminates

### Flag Label

**Material** 80µm Clear Self-Adhesive PVC

**Description** Wraps around and sticks to itself to form 'FLAG' shape
